All barbecues in Masport's extensive range boast an array of additional features designed to make the most of your outdoor cooking skills. So be part of the great Aussie way of life this summer with a Masport barbecue.

Barbecue

Features

4 BURNERS

Four premium 304 grade stainless steel main burners provide power and even heat distribution over the cooking surface.

6 BURNERS

Six premium 304 grade stainless steel main burners improve heat distribution over full cooking surfaces.

SIDE-BURNER

Side burner provides a hob type option when required.

TEMPERATURE GAUGE

Temperature gauge keeps you in control when pre heating and roasting.

HOOD WINDOW

The safety approved glass window is integrated into the hood allowing a full view inside the barbecue without having to open and maintaining heat integrity.

BARBECUE COVER

Comes with UV resistant Oxford cover.

ROTISSERIE

The rotisserie can use direct heat off the rear infrared burner and indirect heat from the main burners for even roasting.

INTERCHANGEABLE COOKING SYSTEM

Unique to Masport, the Interchangeable Insert Cooking System extends your cooking options with a pizza stone, kebab racks & skewers and grill & hotplate inserts.

FAT AWAY DRAINAGE SYSTEM

Unique to Masport, the Fat Away Drainage System (FADS) helps to efficiently direct away excess fats, oils and unnecessary juices along specially designed channels and into a collection cup.

KEBAB RACKS & SKEWERS

Stainless steel kebab racks and skewers provide an easy way to turn food on the grill without sticking.

304 STAINLESS STEEL

304 stainless steel provides a modern and stylish finish with extra protection against the elements.

TIMER

Cooking timer allows you to set your desired time and the alarm reminds you when time is up.

LED DASH AND GRILL LIGHTS

Whether it's on the control knobs or the dash, the bright LEDs will improve visibility in a very stylish way.

SMOKER TRAY

Smoking is a very popular option when roasting or dedicated hot smoking. The integrated smoker tray is easy to prepare and runs off the barbecue burners.

USB PORT

USB ports allow your gadgets to be charged or powered up whilst using the barbecue. Especially useful if running cooking probes and other accessories requiring power.

REAR BURNER

Rear infrared burners are great for direct radiant heat with rotisseries but are also useful for grilling and browning off barbecue food.

NATURAL GAS CONVERSION

A natural gas conversion kit is available to run your barbecue from mains natural gas.

WOK BURNER

Wok style of burner provides versatility.

** The above features are available on selected barbecues only*

Entertainment Series

Masport brings you this impressive range of Entertainment barbecues, where 304 stainless steel is blended fashionably with combinations of vitreous enamel and durable powder coat processes. 304 stainless steel is an austenitic steel with higher levels of nickel and chromium, which means superior corrosion resistance.
